

Krayden, Inc. is a technical problem solving distributor with an environmental conscience.

**DOW CORNING
ELECTRONICS
DISTRIBUTOR
OF THE
YEAR**

World Class Customer Service

We recognize that 100% customer satisfaction is imperative to maintain our reputation.

Technical Expertise

Our representatives are trained by the manufacturers with hands-on experience to support our customers in engineering and production.

Quality Manufacturers

Krayden, Inc. works with the leading and highest quality manufacturers in the electronics, aerospace, transportation, OEM manufacturing and energy industries.

Services

- Custom packaging and formulating
- Dispensing and processing equipment and technologies
- Fabricating capabilities
- Kraydenmex: serving Mexico
- Krayden Canada: serving Canada

Inventory

We constantly monitor our stock for quality and shelf life and customize our inventory to meet your specific requirements.

Krayden, Inc. stocks and distributes:

- Adhesives/Sealants
- Encapsulants
- Coatings
- Solder
- Solder Chemicals
- Release Agents
- Specialty Lubricants
- Dispensing Equipment

ELECTRONICS DISTRIBUTOR OF THE YEAR

DOW CORNING

- Electronics
- Transportation
- Aerospace

- Energy
- Solar
- Appliance

2008, 2009, 2010, 2011

Silicone potting and encapsulation, conformal coatings, adhesives and thermal management.

Silicone lubricants, oils, greases, synthetic and mineral-oil fluids, pastes, and anti-friction coatings.

Silicone fluids, sealants, emulsions, silanes, rubbers, resins, and coatings

Epoxy and urethane products for electronics.

Industrial adhesives and sealants.

Epoxy technology for aerospace electronics.

Adhesives.

Solder products for electronics.

Release products.

The world's leading manufacturer of conformal coatings.

EMI shielding and thermal interface materials.

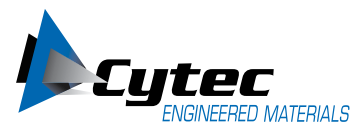

Enriching lives through innovation

Epoxy and urethane products for all applications including electronics, tooling and bonding.

Epoxy, acrylic and urethane adhesives for OEM manufacturers.

Urethane and epoxy potting, encapsulating products and conformal coatings.

Global leader in solder products, solutions and technologies.

Aircraft maintenance products.

Full line of manual and bench top micro air dispensing.

Full lines of aerosol cleaners, bench top cleaning, stencil wipes, solvents and assembly solutions.

Dow Automotive

Products for structural, thermal and acoustical management.

Cyanoacrylates and anaerobics.

Equipment & Special Services

- Micro air dispensing
- Hot melt adhesive systems
- Two part meter mix
- Spray systems
- U.V. cure systems and conveyors
- Positive displacement systems
- Custom packaging
- Custom formulated epoxies and urethanes
- Mixing nozzles and dispense guns
- Cartridge systems
- Fabricating capabilities

Trained technical sales representatives are available to work with you in the field and in the lab.
