

CHEMSOL

Your Chemical Solutions Provider

Chemsol is a global chemical solutions provider.

From chemical management solutions to one-time small volume purchases, Chemsol serves your needs.

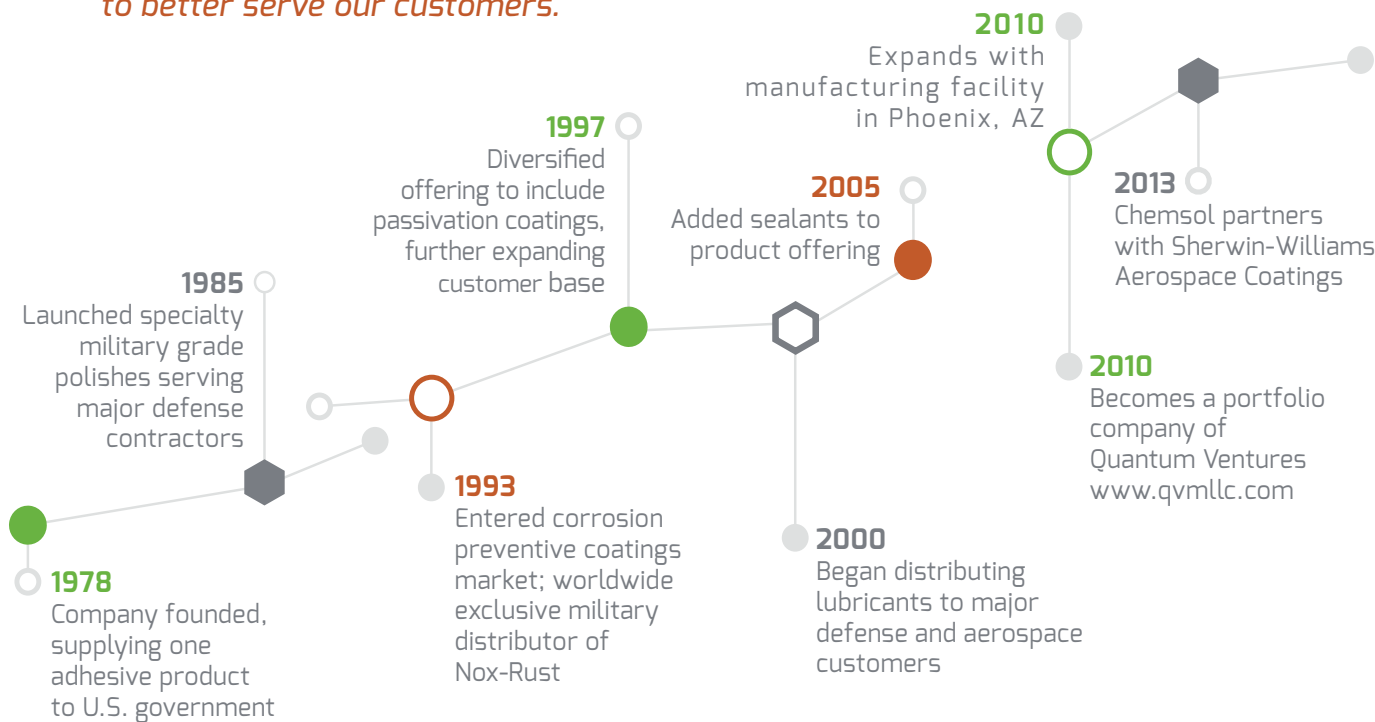

We supply paints, coatings, adhesives, sealants and related MRO products.

We started in 1978 supplying one adhesive product to one customer – the U.S. military. We focused on what mattered and did it right because our customer demanded first class service, the right specification, the highest quality product, the right price and the fastest turnaround time. We remain a trusted supplier to the U.S. military, and today we have expanded our offering into a full line of chemical products and serve thousands of customers worldwide.

*After 35+ years, our goals remain the same:
Do it right and become your trusted
chemical solutions partner.*

Customer FOCUSED GROWTH

*Our strategy centers around calculated growth
to better serve our customers.*
