WESCO is a procurement specialist, helping customers lower supply chain costs and raise the efficiency of entire operations through a combination of advanced, innovative distribution capabilities and “extra-effort” services.

WESCO distributes a full line of electrical construction products and electrical and industrial maintenance, repair and operating (MRO) supplies.

WESCO provides turnkey integrated supply services to companies interested in outsourcing their procurement and materials management functions.

WESCO serves more than 100,000 customers worldwide in the industrial, construction, commercial, institutional, government, and utility markets.

WESCO operates six fully automated distribution centers and approximately 370 full-service branches in North America and selected international markets.
